## Resources and Services Available Through the Legislative Reference Library

---

### What is the Legislative Reference Library?

The reference library is the Legislature's public policy resource center, located within the Legislative Research Office. The library houses a collection of more than 6,000 titles, including reference materials, books, periodicals, and state and federal government documents. Our [digital catalog](#) is available on the resources tab of the UniNet.

---

### Did you know that as a Senator or legislative staffer, you can have periodicals and journals routed to your office?

We subscribe to almost 50 magazines, journals, and other periodicals covering a wide range of topics. These materials are available for use by senators, and legislative staff. A list of available publications is available on our [website](#) or can be picked up in our office.

At your request, copies of most of our publications can be routed to your office. To request your name be added to a routing list, please contact Travis or Elice at [library@leg.ne.gov](mailto:library@leg.ne.gov) or 402-471-2221.

---

### What if a book or journal is not available in the Legislative Reference Library?

Our library participates in the InterLibrary Loan program giving us access to approximately 15,000 outside libraries. If a resource is not part of our library collection, we will try and access the material via InterLibrary Loan.

In addition, we have access to specialized online databases, such as Lexis Advance. We also have digital access to many of the newspapers and magazines we subscribe to, allowing us to search past issues.
